

The Anti-Fascist International Kenya Chapter, wishes to extend its unwavering solidarity to the people of Venezuela during this critical juncture in your struggle for sovereignty and justice. The upcoming inauguration of Nicolás Maduro on January 10, despite the imperialist machinations aimed at undermining his leadership, stands as a testament to the resilience of the Venezuelan spirit against external and internal forces seeking to impose their will.

We unequivocally condemn the unconstitutional actions of Edmundo González and his allies, who, backed by foreign powers, are attempting to instigate unrest and provoke chaos in a bid to orchestrate a "colour revolution." This is nothing less than a blatant attack on the democratic will of the Venezuelan people, who have expressed their support for President Maduro through the ballot box. The orchestrated dissent against Maduro's legitimate government is a manifestation of imperialist aggression that seeks to destabilize and recolonize Venezuela under the guise of democracy.

In this time of trial, we stand with you, the Bolivarian Republic of Venezuela, as you confront these challenges head-on. The forces of fascism and imperialism may strive to sow discord and division, but history has shown us that unity among the oppressed is our greatest weapon. Your struggle is not just a national issue; it resonates deeply with all those who fight against colonialism and neo-imperialism worldwide.

Let us remember that every act of resistance against tyranny strengthens our collective resolve. The legacy of revolutionary leaders who fought for justice and equality inspires us all. We call upon all anti-fascists globally to rally in support of Venezuela, to denounce the imperialist interventions that aim to fracture your sovereignty.

To our comrades in Venezuela: continue to stand firm. Your fight is our fight, and together we shall overcome the forces that seek to divide us. The spirit of socialism and solidarity will prevail against all odds. We look forward to witnessing your victory over oppression and celebrating your triumph as a beacon for all oppressed peoples around the world.

In solidarity,
Anti-Fascist International Kenya Chapter
